Safer Roads - being delivered

We are pleased to see that following the recent meetings with the Highways Team at BANES, the first phase of work on Kelston View has been delivered, which was the Micro-asphalting from The Hollow to North Way.

Kelston View before the recent work

Kelston View after the recent work

We have also had confirmation that the section of Kelston View from the junction with Wedgwood Road around to Haycombe Drive has been scheduled to be repaired in June.

The final, and worst section, between North Way and Wedgwood Road has been scheduled to be completed in August. The work on this section will take longer to complete than the other 2 areas due to the complexity of the procedure that needs to be carried out.

We would like to thank all residents for their patience while this work is being carried out are aware there will be disruption and road closures necessary, but we will hopefully have a better road to drive on by mid Summer.

Down Your Street

East Close

We have been out talking with residents, consulting on their views for parking restrictions in the street. We have fed this back to the council and are awaiting their decision. We will let you know the outcome as soon as we hear.

The Hollow

We recently joined local residents at the appeal hearing for the proposed housing development below the City Farm and are now waiting to find out the inspectors decision. We remain opposed to this development.

Poolemead Road

We have reported the rapidly deteriorating road surface to the Highways team and are waiting for them to come out and inspect it. We will keep you updated.

Other News

We are pleased to see that a number of footpaths across the area are finally being re-surfaced. This is something we requested and are keen to ensure happens across the ward.

We have been in discussion with residents and Curo about lack of parking on a number of roads and are currently investigating solutions.

We will be out an about around the ward over the coming weeks with our annual residents survey. Please take the time to complete this as it helps us to ensure your issues and concerns are looked into and acted upon.

Twerton is a lovely community and we are here to help wherever we can, so please do take the time to get in touch if there is an issue in your area that is not being dealt with.

Proposed New Waste arrangements

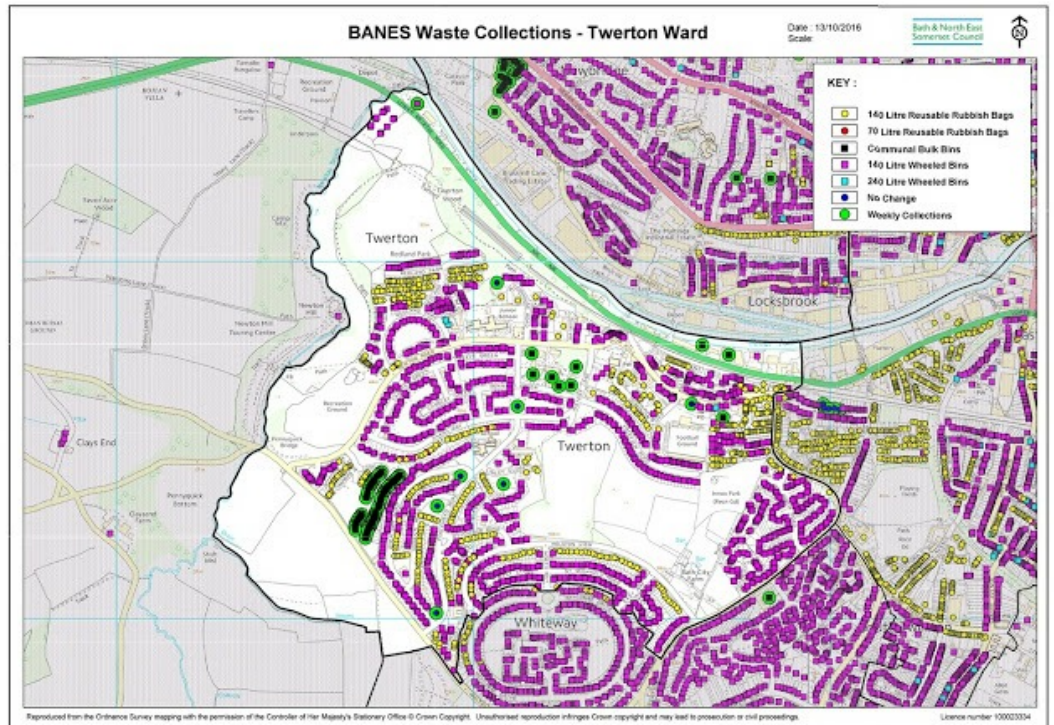

Many residents have contacted us about the proposed changes to the waste collections that is due to come into force in November. We have located this map, which you can view either on our blog or the BANES website.

This map shows which receptacle each household has been allocated and is colour coded.

The majority have been given a wheelie bin with some homes being given the gull proof bags.

The waste collection will be changing to fortnightly collections for almost all of the Twerton ward from November.

If you have any questions on this, please do get in touch with the Waste Services team at BANES, who will be able to assist you.
