## Highway Improvements Update

We have had confirmation that a Highways Engineer has been assigned to look at what improvements can be made on Shophouse Road and Twerton High Street to help reduce traffic speed and make both these roads safer for all.

Councillors Sarah Moore and Tim Ball have been campaigning for improvements on both these roads and it is great to see progress is now being made to establish the best options.

We will keep residents updated on the information that comes from the Engineer when it is available.

We will also continue to look at other roads across our area that would benefit from reduction in traffic speeds and are hopeful we can get them added to the list.

## INSIDE - Update on Culverhay/BCA Rush Hill site

# IN OUR AREA

## Culverhay/BCA Rush Hill Site update

Local Councillors **Sarah Moore** and **Tim Ball** have called on the cabinet to approve the papers at the upcoming Cabinet Meeting.

After years of fighting to retain a strong education role for the Culverhay/BCA site by Councillors **Sarah Moore** and **Tim Ball**, and thanks to the dedication of the cabinet member for young people and children, the Council has secured two major government new build investments for the site with a possible total value in excess of £50m.

We have had regular meetings with fellow South West Bath Councillors, Cabinet Members and Council officers because we value the current site uses and with two such large schools proposed on the site, we are also hopeful we will be able to have shared facilities for our residents outside school hours.

One school is for a 120 place SEND provision to allow for greater access for youngsters locally and another 55 place school for alternative provision for young people struggling at regular schools.

These decisions will commit that the site will retain a clear education role for the long term. We will keep residents updated on the decision for this and also the progress of the work, should it be approved.

---

## Down Your Street

**Redland Park/Whiteway Green** - We are working with Curo and the Police to find ways of securing green spaces in our area to stop them being ruined by motorbikes.

**Highland Road** - We have again asked the Council and Curo to work together and get the whole area cleared up.

**Tanners Walk/Long Valley Road** - We have asked for the grass to be cut back and have also pushed for toddler play equipment in this area.

If you have an issue in your street that has not been addressed, please either report it using the FixMyStreet app, call Council Connect on 01225 394041 or contact us.
